Role: Quantity Surveying Graduate
Location: Dublin or Cork (hybrid working options available)
Duration: 2 years

The Programme

At Uisce Éireann, we have exciting plans for the next five years, including an unprecedented €1.2bn programme of Capital Investment. This is where we need ambitious and talented Quantity Surveying Graduates like you to join our growing organisation and help us as we deliver transformative Water Services to all communities in Ireland. As a participant on this specialist programme, you will have the opportunity to benefit from three eight month rotations across our Commercial Team that will allow you to build up your expertise as a well-rounded Quantity Surveyor and learn from leading industry experts.

- You will complete your rotations across Contract Management, Construction Management and Risk Management
- You will receive financial and practical support to become a Chartered Surveyor with the SCSl
- This is supported by a structured learning and development roadmap through our bespoke Uisce University, including on-going mentoring and on the job learning.
- On successful completion of this 2-year programme, a number of permanent positions with our Commercial Team will be available within Uisce Éireann.

The Experience

As a participant on this programme, you will gain a wide range of industry experience working in many areas of Quantity Surveying including:

Contract Management & Negotiation

- Support contractual agreements between Uisce Éireann and various stakeholders, ensuring adherence to all terms and conditions.
- Engage in negotiations to secure beneficial agreements and optimise value for Uisce Éireann.

Construction Management

- Coordinate and support construction projects within Uisce Éireann, managing them effectively to ensure timely completion within scope and budget.
- Collaborate with various professionals and ensure adherence to all relevant regulations and standards during the construction process.

Risk Management

- Learn to identify and manage risks associated with construction and contract management to minimise adverse impacts on Uisce Éireann.
- Support the implementation of robust risk management strategies aligned with Uisce Éireann's objectives and compliance requirements.

About You

To apply for our Quantity Surveying Stream, you should be:

- A recent or prospective honours graduate/post-graduate in Quantity Surveying or a related discipline
- Passionate about the commercial aspects of construction and infrastructure projects
- A natural problem solver with strong attention to detail, who relishes working in diverse teams and has strong communication skills
- Enthusiastic, curious, and ambitious
- You must be eligible to work in Ireland for the duration of the programme

Apply Now

Apply by sending your CV to careers@water.ie by November 6th, 2023, stating **QS GRAD** in the subject line of your email. Please also answer the following questions in your email:

1. Do you have the legal right to work in Ireland for the period of the programme you are applying for? If you require a visa to work for the duration of the programme, please confirm the type of visa you intend to apply for.
2. Are you interested in any Graduate stream other than the role you have applied for? If so, please advise which other stream(s) you would be interested in.

We look forward to hearing from you!

Committed to providing a diverse and inclusive workplace with a robust strategy and framework to enable this, Uisce Éireann is an equal opportunity employer and we welcome and encourage applications from interested and suitably qualified individuals regardless of gender, age, racial or ethnic origin, member of traveller community, religion or beliefs, sexual orientation, gender identity or disability
